GLISTERS OF INNOVATION

Malay Srijan

Short description:

A parallel universe created by team NSS

Introduction to the event:

Event has a view of the representation of different worlds literally to say how/if the world was at its beginning, with gender equality, with no borders, no religion, the world's end, there is also a restaurant which is different from how we think usually they are; these are going to be depicted in separated cabins which we make, by dividing rooms area.

Name of the event 'Malay Srijan' relates to different worlds view in a look. This is a way by which a one can look at how different world could be if the world had one common social/environmental pattern.

Registration process:

The registration is an on-spot process and the visitors will have to pay (a nominal one) before entering into our event room.

Problem statement:

There is no problem statement as this is a showcase event.
