GLISTERS OF INNOVATION

BEAT THE BIDDER

Short description:

In this event management skill and ability to perform in different situation is tested.

Introduction to the event

This event is mostly an ipl auction . in which each team has four members . if any one is not able to make the team then the event coordinator will provide the rest of the groupmates. there are two rounds in this event.

1st round- The team has to identify the players name by seeing thier jersey number , their wife or mothers name ,or by their highest score. The team which has identified the more number of players will be qualified for the final round .

2nd round- the team which has qualified for the final round has given a fixed amount of virtual money .the player has a fixed value and a fixed rating .the team who will buy the more number of players with the highest rating of player and if any amount is left then after bidding the ream which has more number of players with highest rating will be declared as winner .
