**GLISTERS OF INNOVATION**

## **Short description:**

### **EVENT 1:- DRISHYAM**

Drishyam is an event organized by **NIST Counselling Services**. According to theme “NETRA”, Drishyam has been divided into 3 levels to meet the proposed frame. The first round will test the ability of the participant to focus and extract perfect information from the given images. The next round Utpad Bikri deals with perfection of the participant in their technical and innovative skills. The final round will test the skill or proficiency of the participant to integrate things on a common platform. All the three rounds are elimination rounds.

## **Introduction to the event:**

### **DRISHYAM:-**

It is having three rounds, each being an elimination round.

In round one - CHITRA MUDRAN: A series of videos and images will be displayed in a chronological order and the participants have to identify the odd one out depending on the question. In round two – UTPADBİKRI: By using their technical and innovative skills they have to present a product in front of the panel members. In round three –NİRMAN: After solving the technical quiz questions they will be provided with dominos by the help of which they have to build a block of building.

## **Registration process:**

1. The participants need to register themselves as a team of 2 members via the Google form whose link is given :- <https://forms.gle/fotZnGi3s4ykYziF6>
2. In case of failure via the Google form they can register themselves via contacting the Coordinators whose contacts are given below.
