**GLISTERS OF INNOVATION**

# PARIPATH VIDISTHA

(On spot circuit design)

## **Short description:**

This event is organised by ELECTRONICS HOBBY CLUB and this is for first, second and third year students. The interested students should have knowledge of basic electronics. All the components required for designing the circuits will be provided by us.

## **Introduction to the event:**

The students from all the branches are invited to participate in this event. Before going to circuit designing, one should go through the quiz test conducted by the club. Those students who qualify the test are allowed to do the circuit designing. It needs some practical knowledge. The required components will be provided by us. The event will be conducted in free & fair manner. The student who will win the event will be rewarded by handsome prize money as well as valuable certificate.

## **Registration process:**

For participating in this event, do register yourself by clicking on the link given below:

**<https://forms.gle/uNdSwY2qpMfX3Thr6>**
